# Child Behaviour Policy

VERSION NO: 6.0	TITLE: Child Behaviour Policy	ISSUE DATE: 01/09/2022
PLANNED REVIEW: Annual	PREPARED BY: David Johnson CEO 	PLANNED REVIEW DATE: 01/09/2023

We strive to create a highly enjoyable and safe environment for each and every child. We achieve this by ensuring that every child in our care abides by our 5 golden rules:

1. Have fun
2. Make sure other children have fun
3. Treat everyone with respect and be on our best behaviour
4. Put our all in to everything that we do
5. Be kind to everyone

If children are falling short of our behaviour expectations, we look to support that child by reminding them of our expectations and enforcing the following disciplinary levels for all disciplinary infractions:

1<sup>st</sup> Level

Warning / reminder of expectations

2<sup>nd</sup> Level

Time out - two minute exclusion from the activity, sat to the side

3<sup>rd</sup> Level

Time spent with camp leader -10 minutes

4<sup>th</sup> Level

Phone call home

5<sup>th</sup> Level

Exclusion from that session – phone call home to collect the child

PEAK recognise that to classify all behaviour is a difficult task however the grid below provides a guide as to how we will deal with a child's poor behaviour:

Minor Infraction: Arguing/rowdy behaviour/shouting at another pupil/failure to follow instructions	Minor incidents should be punished with the 1 <sup>st</sup> Level consequence, further minor infractions should follow the consequences/levels above.
Medium Infraction: Swearing/behaving in a manner which is dangerous	Behavioural Incident Form Completed Consequence should begin at 3 <sup>rd</sup> Level
Major Infraction: Fighting/threatening language or behaviour/swearing at a member of staff	Behavioural Incident Form Completed Consequence should begin at 4 <sup>th</sup> Level

Should a child's behaviour be deemed unacceptable and is judged by the senior member of staff as too serious as to warrant the appropriate consequence level, a Behavioural Incident Form must be completed and placed on file. Where a member of staff has to speak to a child's parents they must use non-emotive language and recount only factual content regarding the incident, opinion's should never be expressed to a parent.

Where a child has a number of Behavioural Incident Forms on file then the matter will be passed to the relevant member of SLT who will escalate the matter and where necessary speak to the parents. Please be aware that if a child's behaviour warrants this escalation then a permanent exclusion from all PEAK activities may be considered.
